FROM THE DESIGNER'S DESK

Effortless Styling. Timeless Craft. Everyday Luxury.

Spring is the season of light layers, effortless silhouettes, and versatile accessories. ADA Collection belts are designed to elevate warm-weather wardrobes — cinching dresses, defining relaxed tailoring, and adding polish to everyday denim.

Handcrafted from premium leather and designed in **Argentina**, each belt brings modern femininity with timeless craftsmanship.

For Spring 2026, we focus on **lightweight styling pieces** that boutiques love because they sell across multiple categories: dresses, linen sets, denim, and resortwear.

With love, Ada

spring summer edition

Designed to style with flowy dresses, linen jumpsuits, and oversized shirting.
Soft leather with elegant structure makes it the perfect styling accessory for *spring* collections.
